

SHUTTER FRAME TEMPLATES FOR MULTI SECTION / CURVED BAY WINDOWS

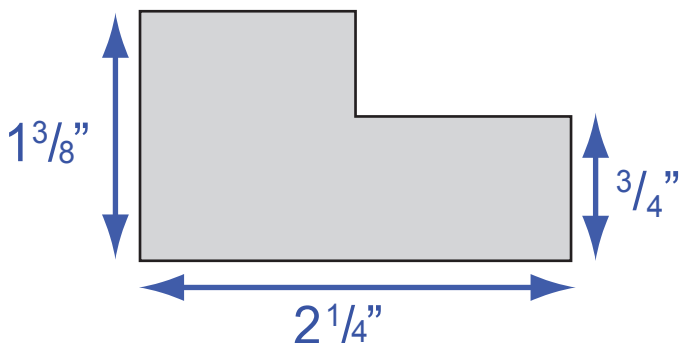

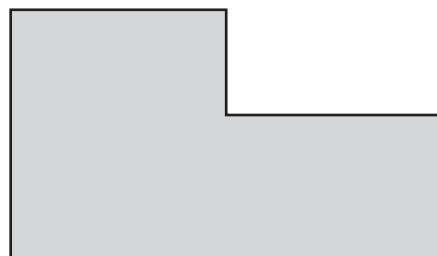

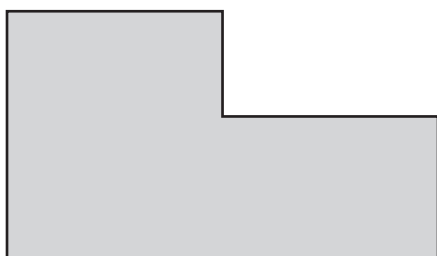

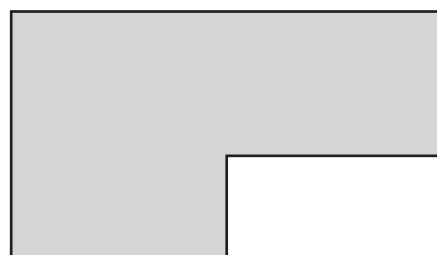

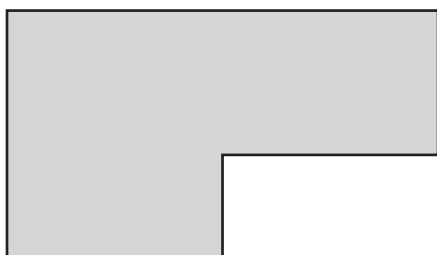

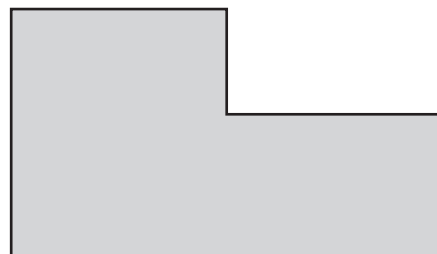

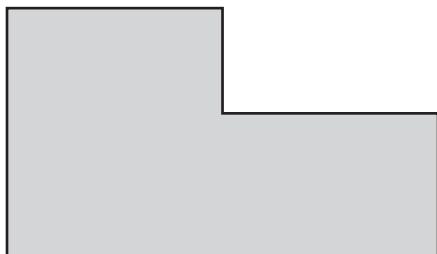

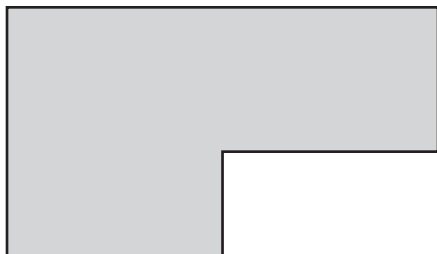

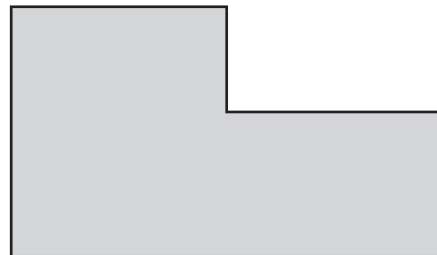

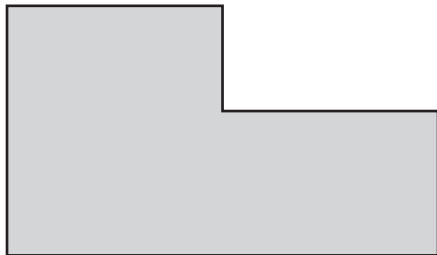

Print off this page and cut out the templates. Lay them on your window sill or use poster putty to stick them onto your wall or window surround and measure the width, including the frames.

3 SECTION ANGLED BAY FLAT L frame

measures 2¹/₄" wide x 1³/₈" deep

FRAME ref : 4033

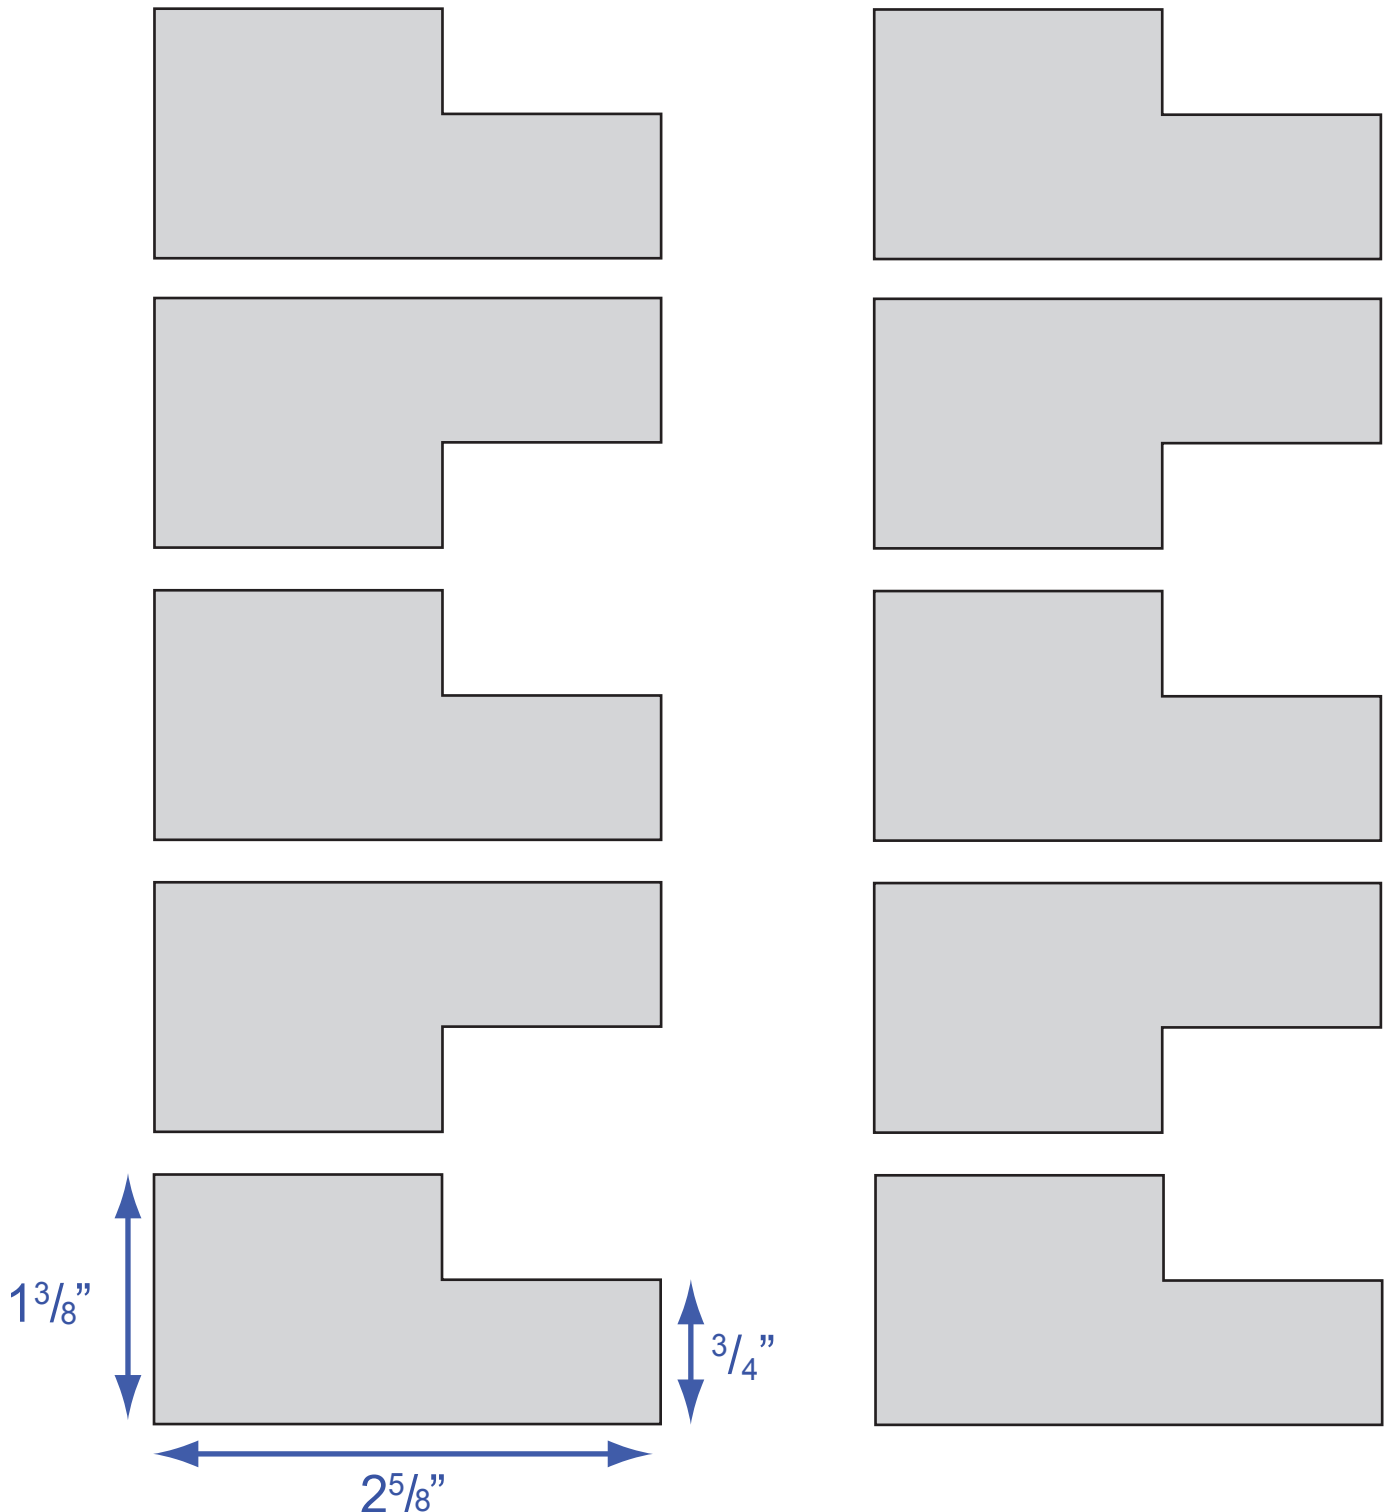

IMPORTANT – Make sure you set the 'PAGE SCALING' option to **NONE**. This is an option you can check/uncheck when you print. This ensures that the templates print to scale. If in any doubt, check the sizes against the templates you print off.
